

For All Registrants: HOW TO UPDATE YOUR MOBILE APP PROFILE

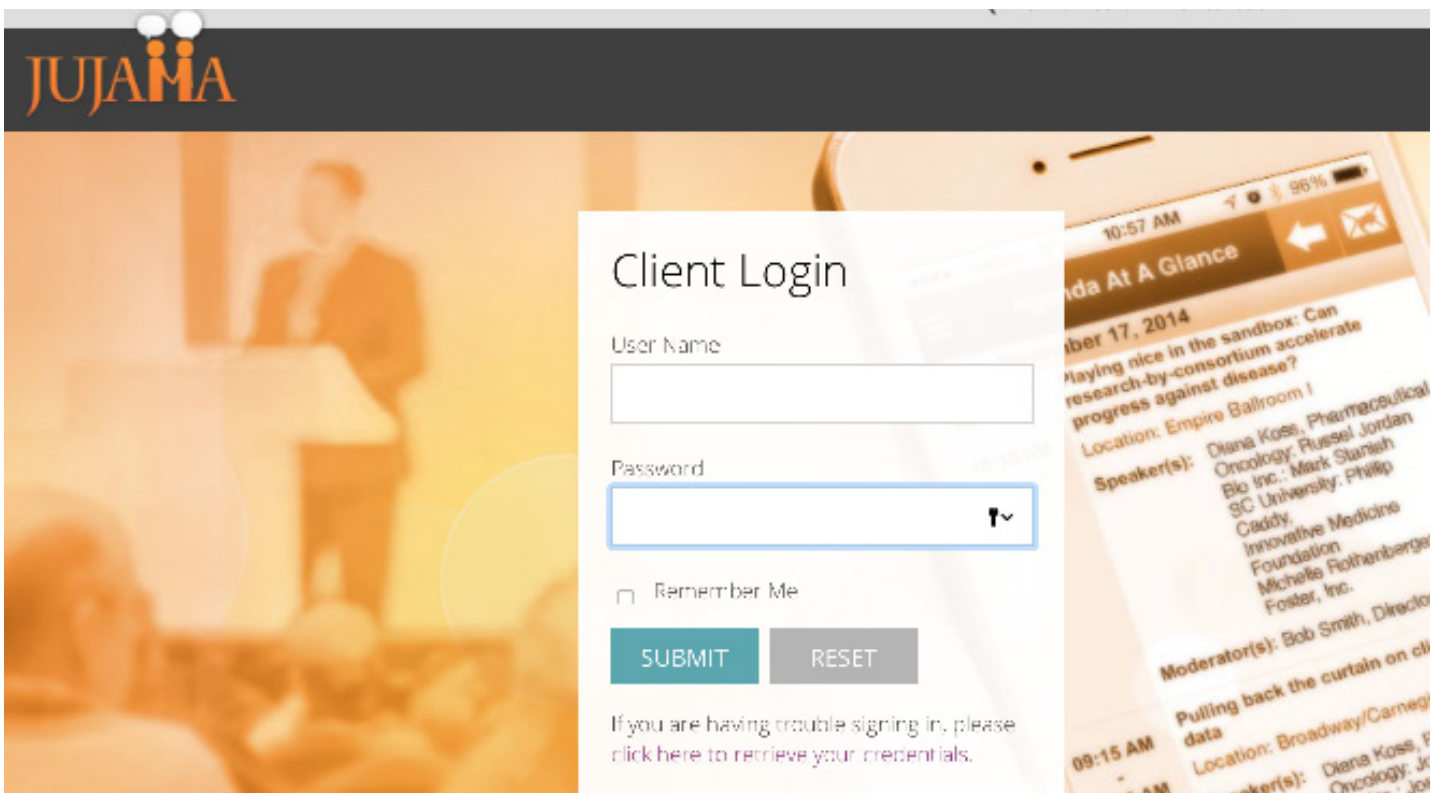

Presenters use this seven-step tutorial as a guide for uploading a pdf, PowerPoint, or link to your conference session.

1. Visit www.jujama.com and select attendee login

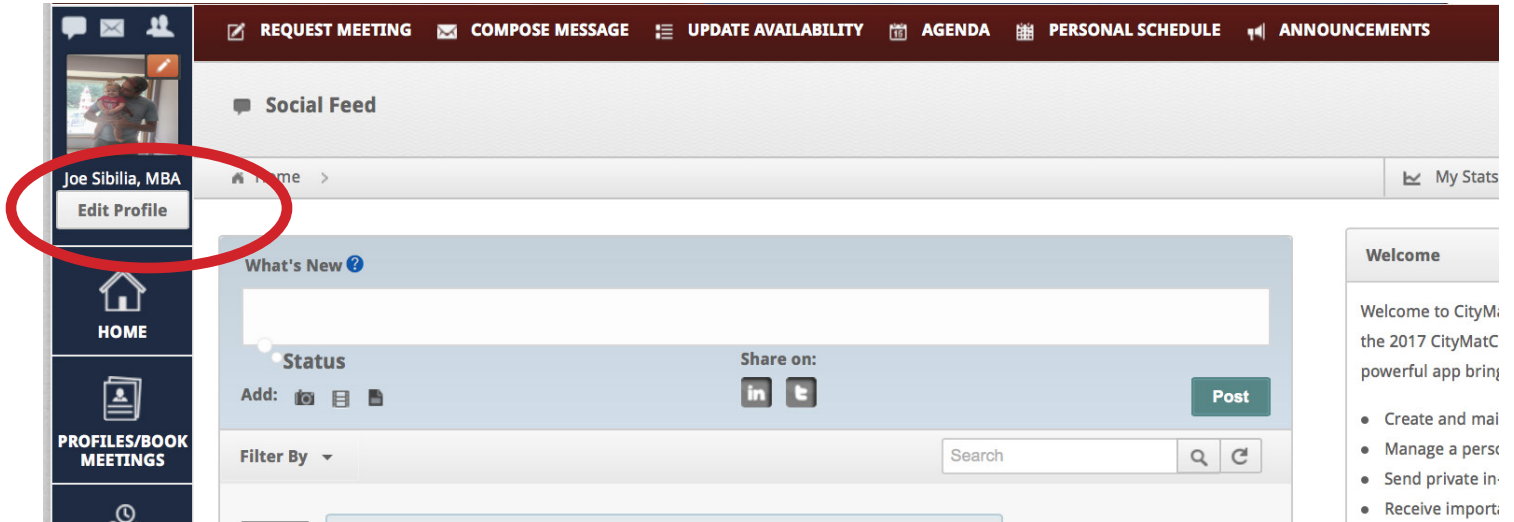

2. Enter your mobile app user name and password

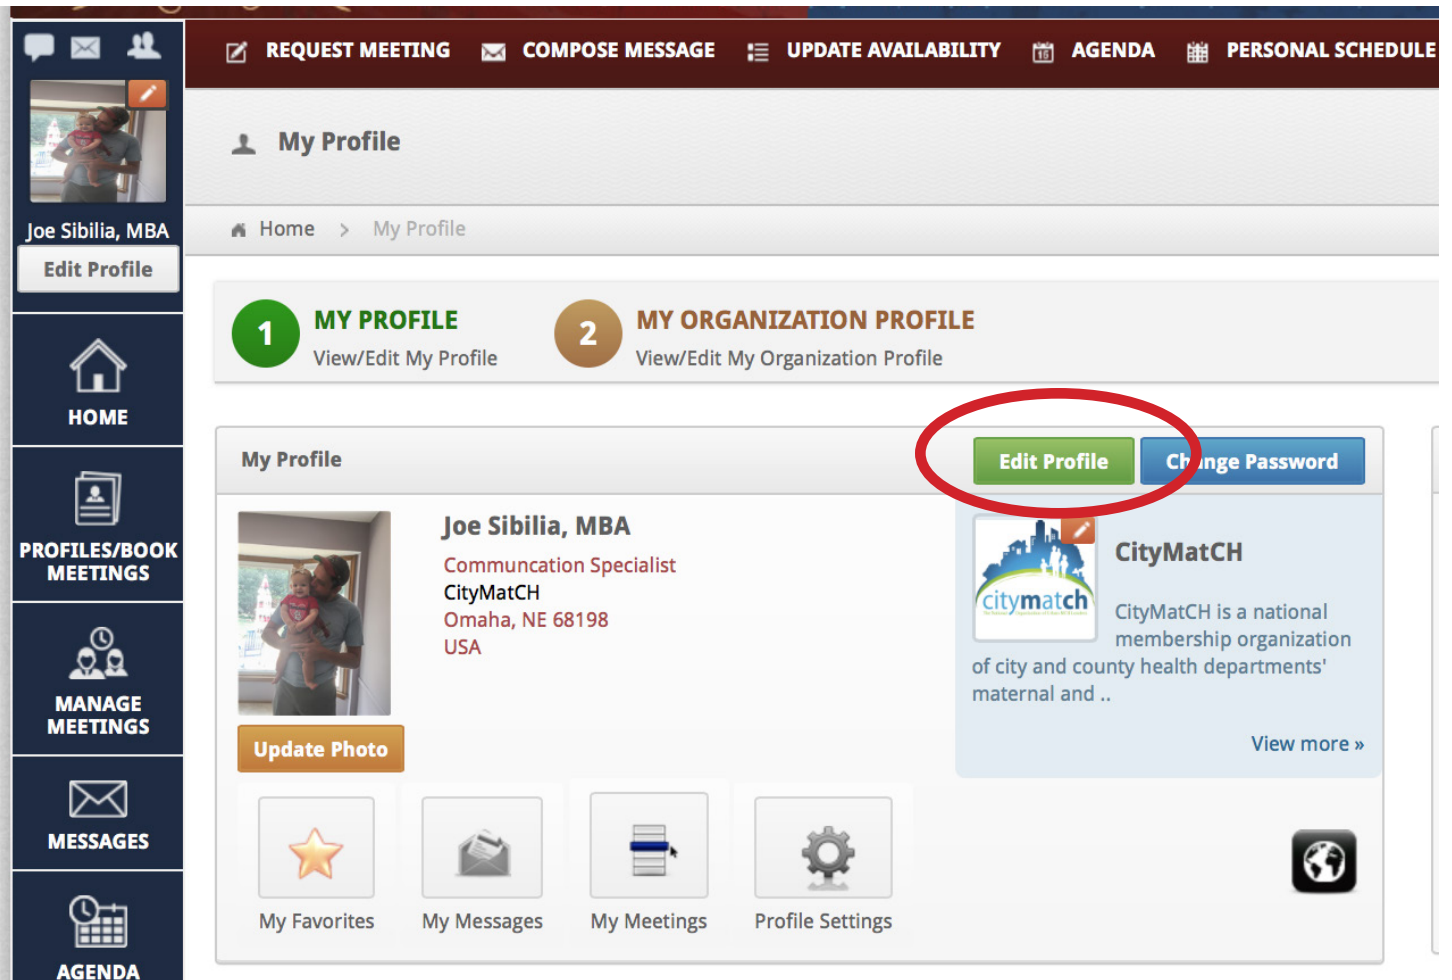

View the conference mobile app page at www.citymatch.org to see when mobile app profiles will be generated and sent to the email that you used to register for conference. If you are registered, search that email inbox, spam, and junk folders with the key word "jujama" and the official name of this year's conference.

3. Select Edit Profile

3. Select Green Edit Profile button

4. Upload a photo by selecting orange update photo button

The screenshot shows a mobile application interface for a user profile. At the top, there is a dark navigation bar with icons and text for 'REQUEST MEETING', 'COMPOSE MESSAGE', 'UPDATE AVAILABILITY', 'AGENDA', and 'PERSONAL SCHEDULE'. Below this is a 'My Profile' header with a person icon and a breadcrumb trail 'Home > My Profile'. A progress indicator shows two steps: '1 MY PROFILE View/Edit My Profile' (active) and '2 MY ORGANIZATION PROFILE View/Edit My Organization Profile'. The main profile section features a photo of Joe Sibia, MBA, with an orange 'Update Photo' button circled in red. To the right of the photo is the user's name and contact information: 'Joe Sibia, MBA', 'Communcation Specialist', 'CityMatCH', 'Omaha, NE 68198', and 'USA'. Further right is a 'CityMatCH' organization card with a logo and description. At the bottom, there are four icons for 'My Favorites', 'My Messages', 'My Meetings', and 'Profile Settings', along with an 'Edit Profile' and 'Change Password' button.

Thank you for updating your mobile app user profile.
